About Us

## EL-AGYAL FOR CONSTRUCTION AND TRADING CO.

**El Agyal Company** is a member of Egyptian union for building and construction with a level three category and it is also a member of the Arab Contractors union . Additionally , our company had started to expand its lines of business to include specialized construction projects including hospitals, hotels, and Tourists villages.

In addition to the marketing and real estate investments; after a series of successful project implementations . This step embodies the company's leadership vision to utilize state of the art technologies and construction tools to improve and expand the company's business and products in harmony with the country's public plans for growth.

## EL-AGYAL FOR CONSTRUCTION AND TRADING CO.

**El Agyal company** is proud to be a pioneer in the general construction field, where all its business domains are based on modern engineering principles, and its work is based on the best contracting codes which are the results of applying the highest safety standards.

The company's leadership envisions clear and successful work domains that are always executed within the highest public and private standards and taking into consideration the market demand. Additionally, the company is committed to provide the best construction services to its clients, and with the highest quality standards especially in a very competitive construction market

## OUR TEAM

**El Agyal Company** is led by a team of highly qualified leaders and operates a fleet of state of art equipment. The company focuses on providing excellent and improved products and services in a timely manner through the efforts of its highly trained and creative team; and through obtaining the best grade new equipment.

This helped al agyal to single itself out by providing its clients with customized and unique products and services , as well as achieving an effective coordination and collaboration between all managerial levels that measures periodically the effectiveness and quality of business work flows, tasks, and projects.

# 2

OUR VISION

# Our Vision

**to rally with and support the needs of sustainable growth and fulfilling its recurring and wide spread needs in the field of construction to further push forward the economic growth wheel in Egypt; and to keep up with the developments in the region by providing its services and products to the contracting sector according to the demands of the region**

# 3

OUR MISSION

# Our Mission

**Our company is an integrated organization that provides complete range of construction solutions in the construction Field. We own, produce, and operate all your construction needs in competitive prices and with the highest quality standards. Our team in a one team and is highly qualified to achieve the highest accomplishments in an integrated collaborative manner to provide the best in class services.**

# 4

OUR GOALS

# OUR GOALS

**To** participate in improving the local infrastructure to help build our country and be part of the path to a better future.

**To** advance the skills and expertise of our technical and managerial staff by following state of the art human resource management techniques and by training our employees to be responsible workers who are active in their participation in the administrative tasks.

**To** transform gradually from local to regional and then to international to partake and benefit from the international changes and participate in the limitless technological and scientific advancements in the construction industry.

**To** work as a collaborative one team where each member contributes towards a sustainable continuity.

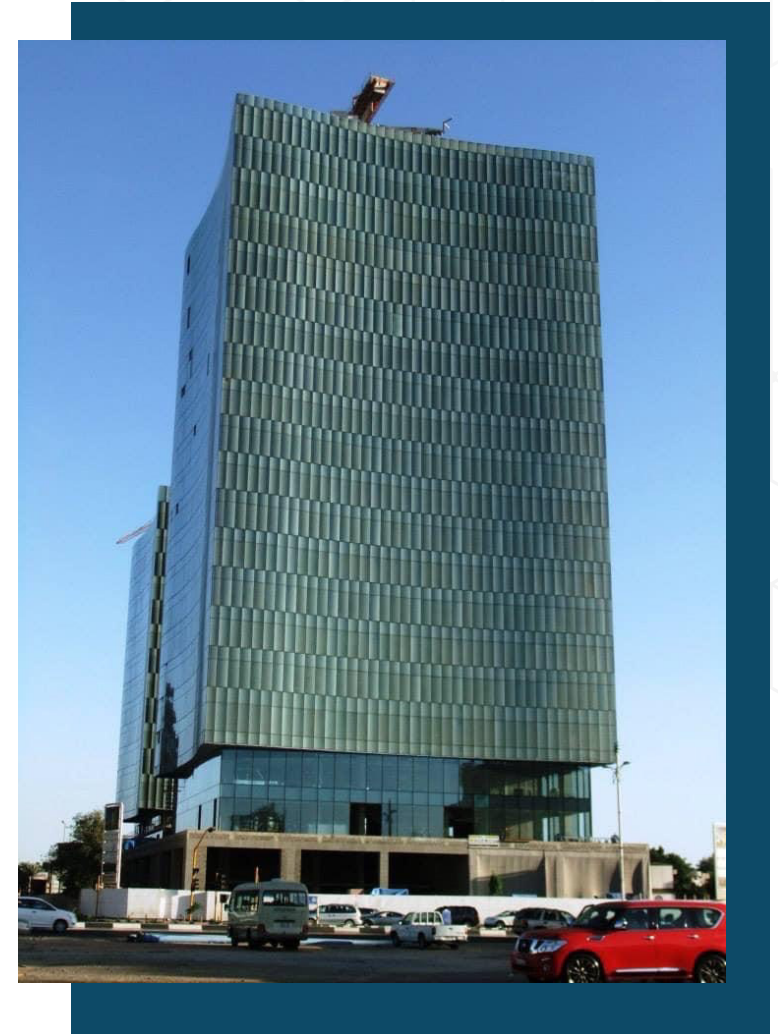

**To** achieve highest client's trust and satisfaction levels which the company had made as a base for its strategies and policies and is considered as the major success factor; by exceeding clients' expectations in honoring the Company's commitments.

**To** execute affordable construction and real estate projects with the highest quality standards

**To** invite and collaborate with international and strategic companies to help us get to our desired position in the industry.

**To** be at the forefront in the public and private contracting and construction sectors in Egypt by executing the works projects won by the company quickly and with the highest standards.

**To utilize state of the art and advanced technological tools in our projects instead of traditional ones, in addition to using modern systems and process flows to ensure highest quality, lowest cost, and best client satisfaction.**

**To expand the company's services in the contracting domain to become an integrated multi-line service company that is self-fulfilling in executing the works demands and needs.**

**To provide the public and private sectors with their construction needs of equipment, parts, and services with the highest standards and lowest costs.**

**The commitment to provide social services for their crucial role in the development of local communities in a manner that serves the purpose of improving the livelihood of area residents.**
